William Friedman:

SUBJECT: "Moon Tree" Seedling

Enclosed are copies of information sheets and correspondence with officials of the City of Buffalo in regard to a "Moon Tree" seedling.

We have offered and they have accepted one seedling to be delivered and planted in the Spring of 1977. When we receive a planting date, we will arrange shipment and notify you of any ceremonial activities. We would appreciate full publicity on the occasion of the planting.

Very truly yours,

J. O. Preston, Director  
Division of Lands and Forests

encs.
