Dear Mr. Franczyk:

We are pleased by Mayor Makowski's acceptance of the "Moon Tree" seedling for the City of Buffalo.

I have asked Bart Zeh of the Bureau of State and Private Forestry to make the appropriate arrangements to get the seedling to you. He will contact you soon on this matter.

We thank you for your interest and efforts in securing an appropriate site for this tree.

Sincerely,

J. O. Preston, Director
Division of Lands and Forests
