1/ Nat.Arb. would like "few trees" but has no funding for shipping.

2/ Main -- we have nothing in file except mention (paperclipped) on page 7 of memo 1620, 11/23/75, Chief to Station Directors

3/ Minnesota -- undated WO letter (received 12/24/75 by IFG) seems to say that Minnesota State Forestry will handle getting from IFG. Nothing more recent in file.
